## SOUTH AUSTRALIA, AUSTRALIA

Job name:

# WILDLIFE CARETAKER

### Duties:

- Wake up the kangaroos
- Swim with dolphins & sea lions
- Explore Kangaroo Island

### Job description:

If the great outdoors is your true calling, we want to hear from you.

We're searching for a Wildlife Caretaker – someone with a deep kinship for our native wildlife, nurturing the unspoilt landscape and breathtaking ecosystem with your knowledge and passion and sharing our stories with the world.

As Wildlife Caretaker you'll swim with sea lions, come face to face with great white sharks and assist with conservation projects. Your duties will allow you to explore our amazing environment by foot, kayak, bicycle, and boat, taking only photographs and leaving only footprints. On Kangaroo Island you'll talk to wallabies and cuddle koalas, sunbake with seals on the pristine beach at Seal Bay, feed echidnas in untouched bushland, and play with dolphins in the crystal clear waters.

If you're up for adventure, where new discoveries are found behind every blade of grass, your new world is awaiting.
